

Resilience+

you!!!

New York needs you — your participation, your advocacy and your vision — to make climate resilience a reality.

fidiseaportclimate.nyc

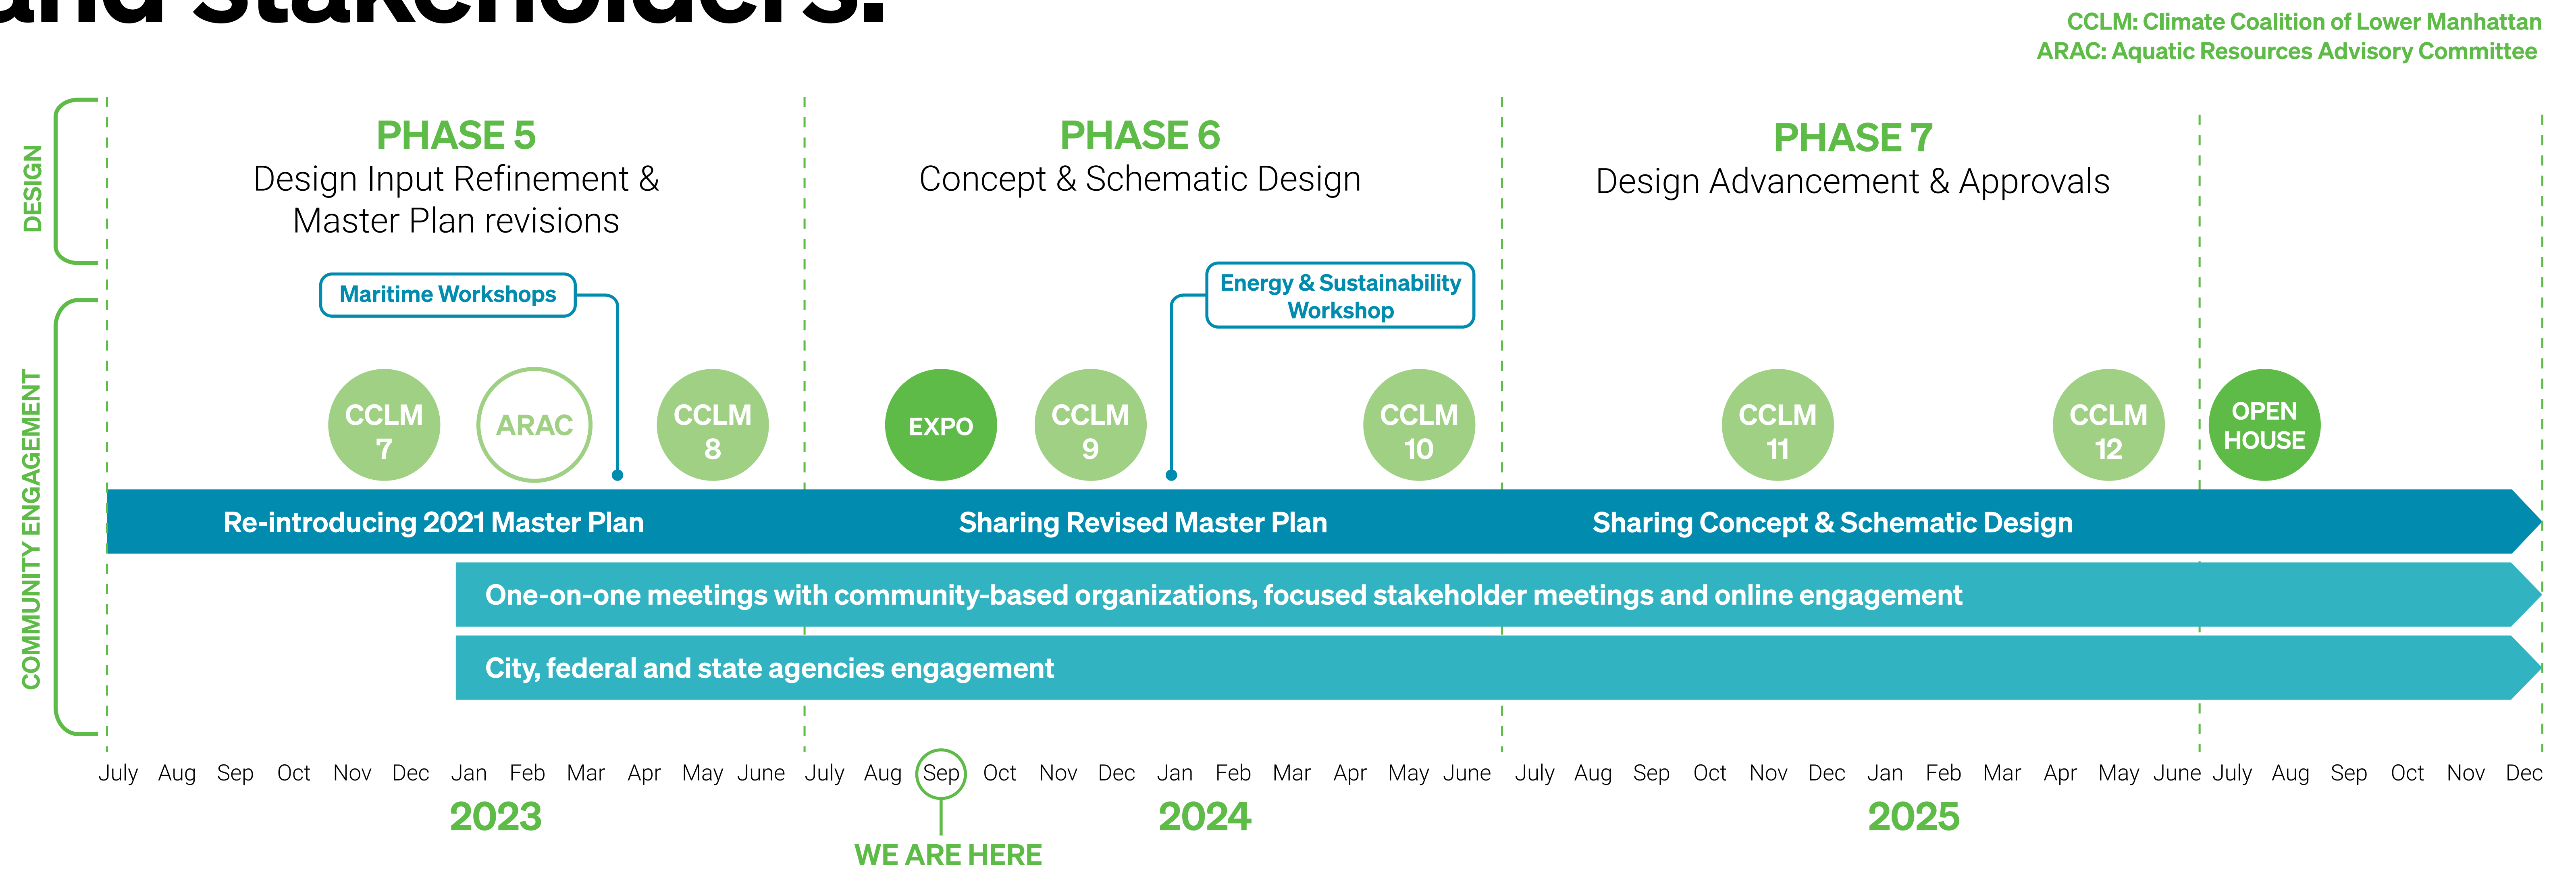

So far, we have identified constraints and opportunities, narrowed down resiliency solutions, and developed a conceptual design and implementation roadmap.

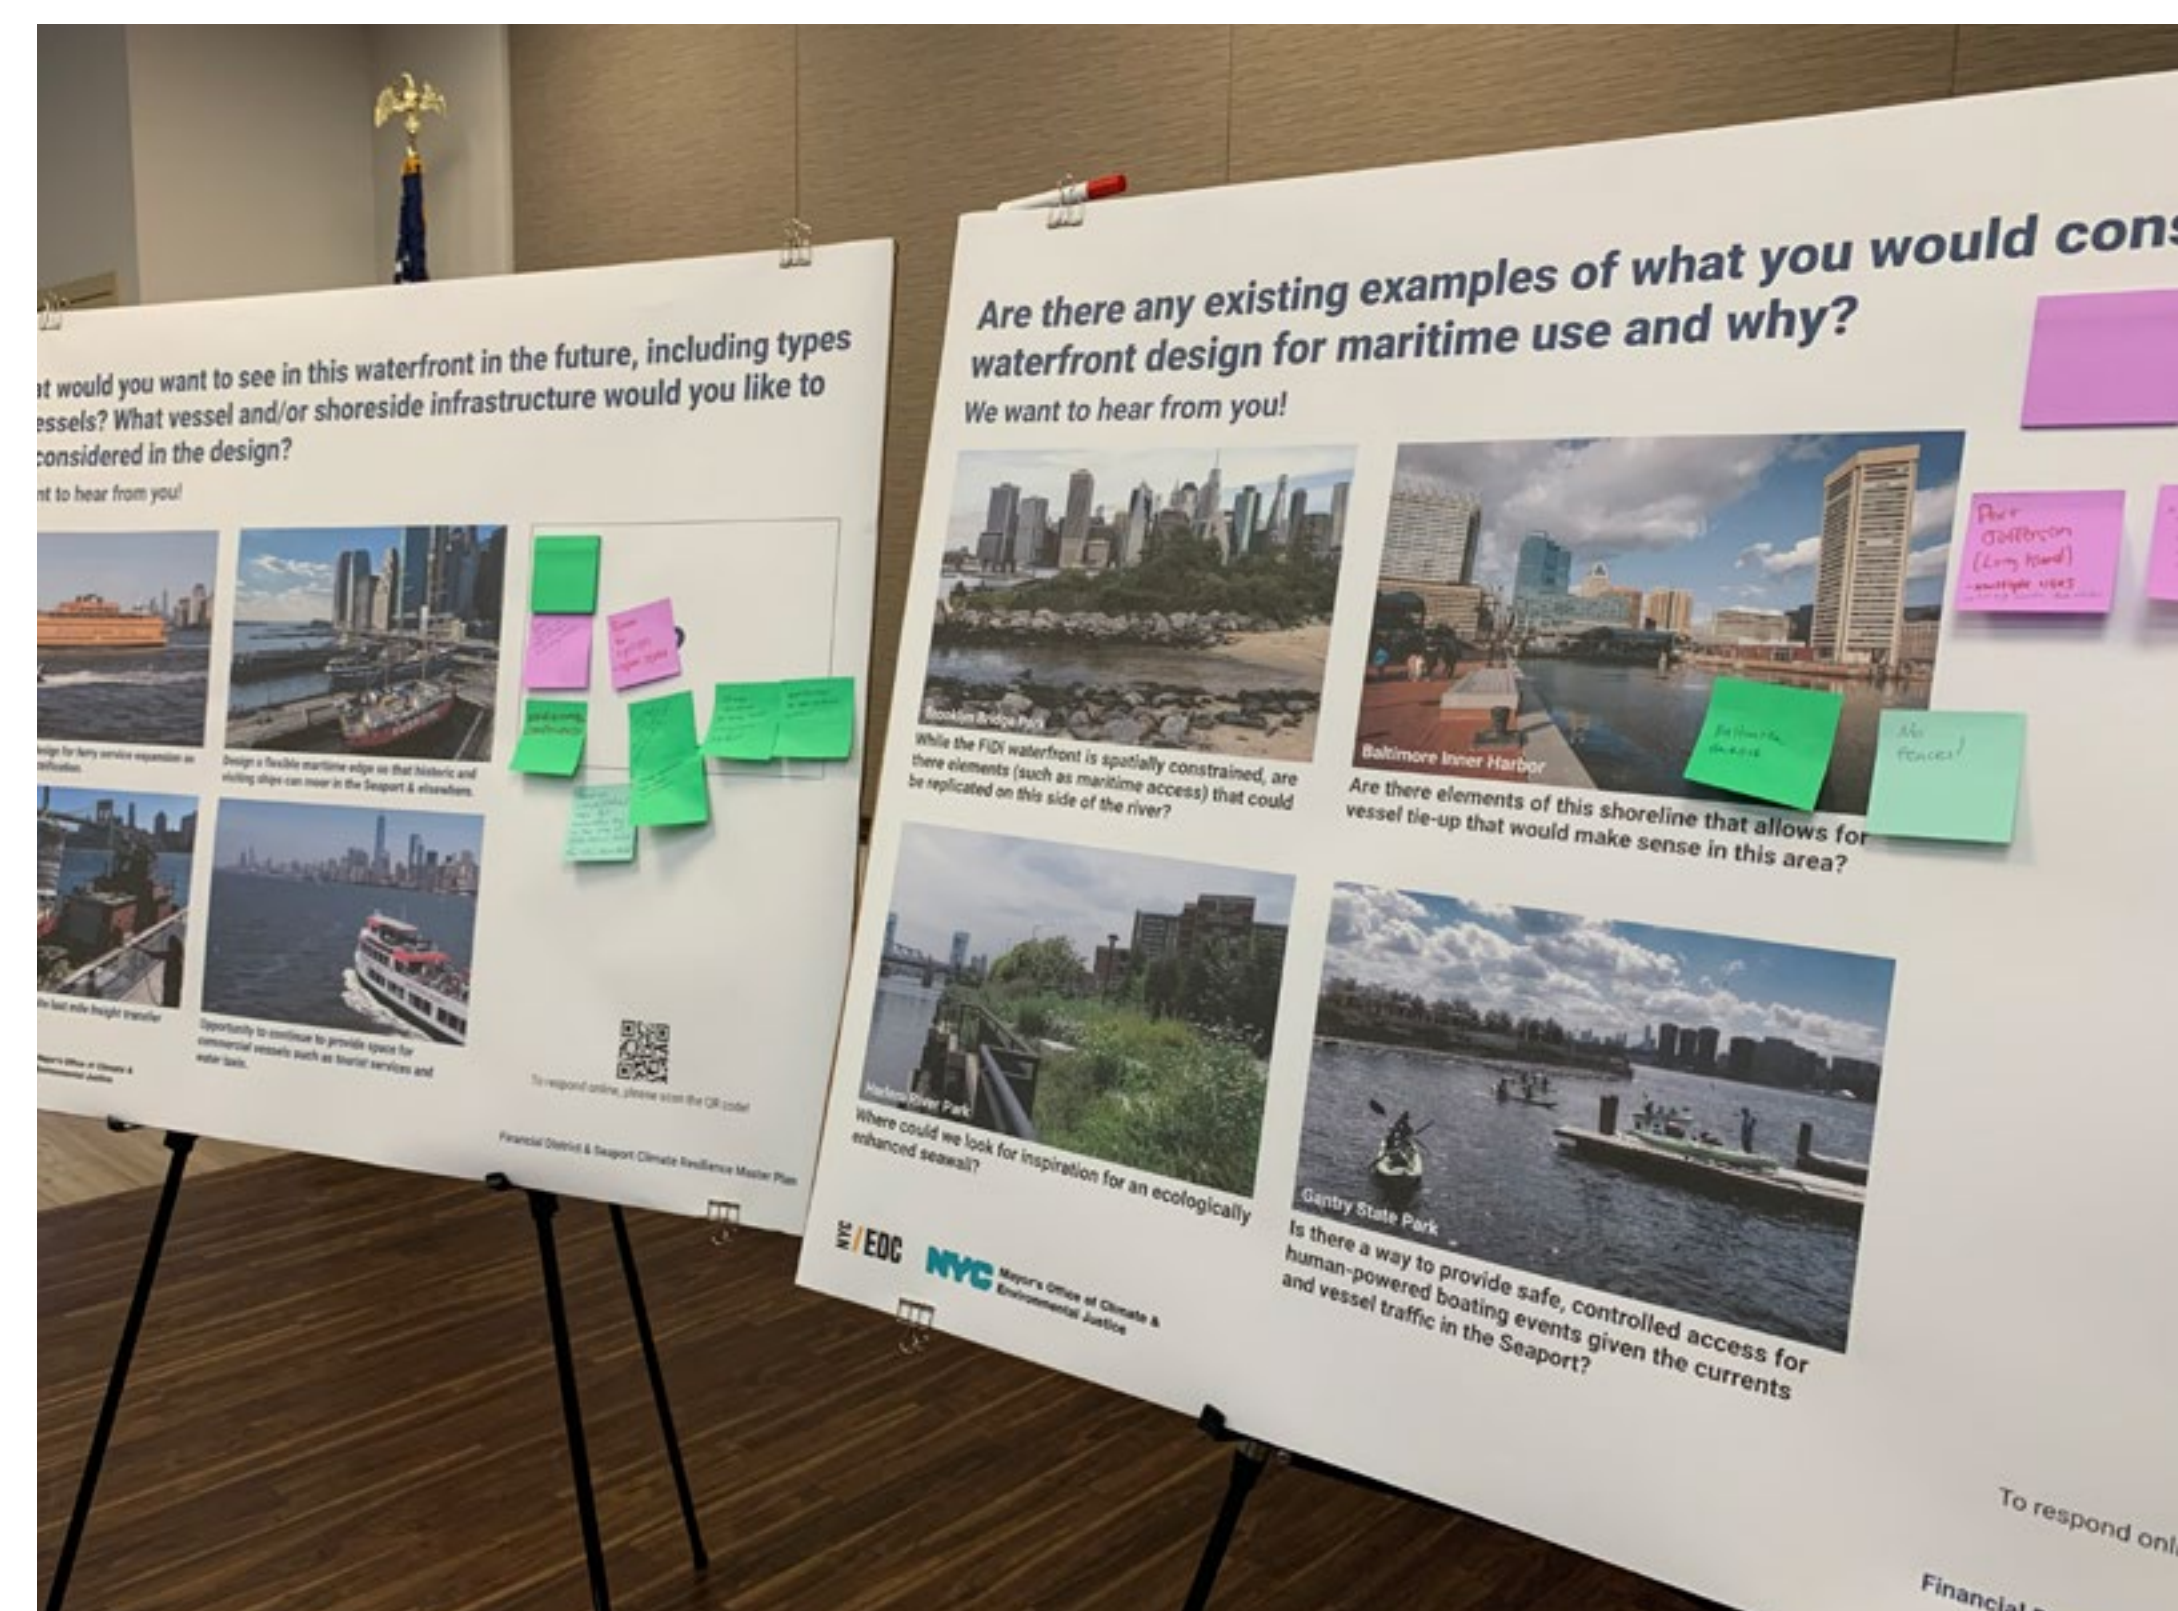

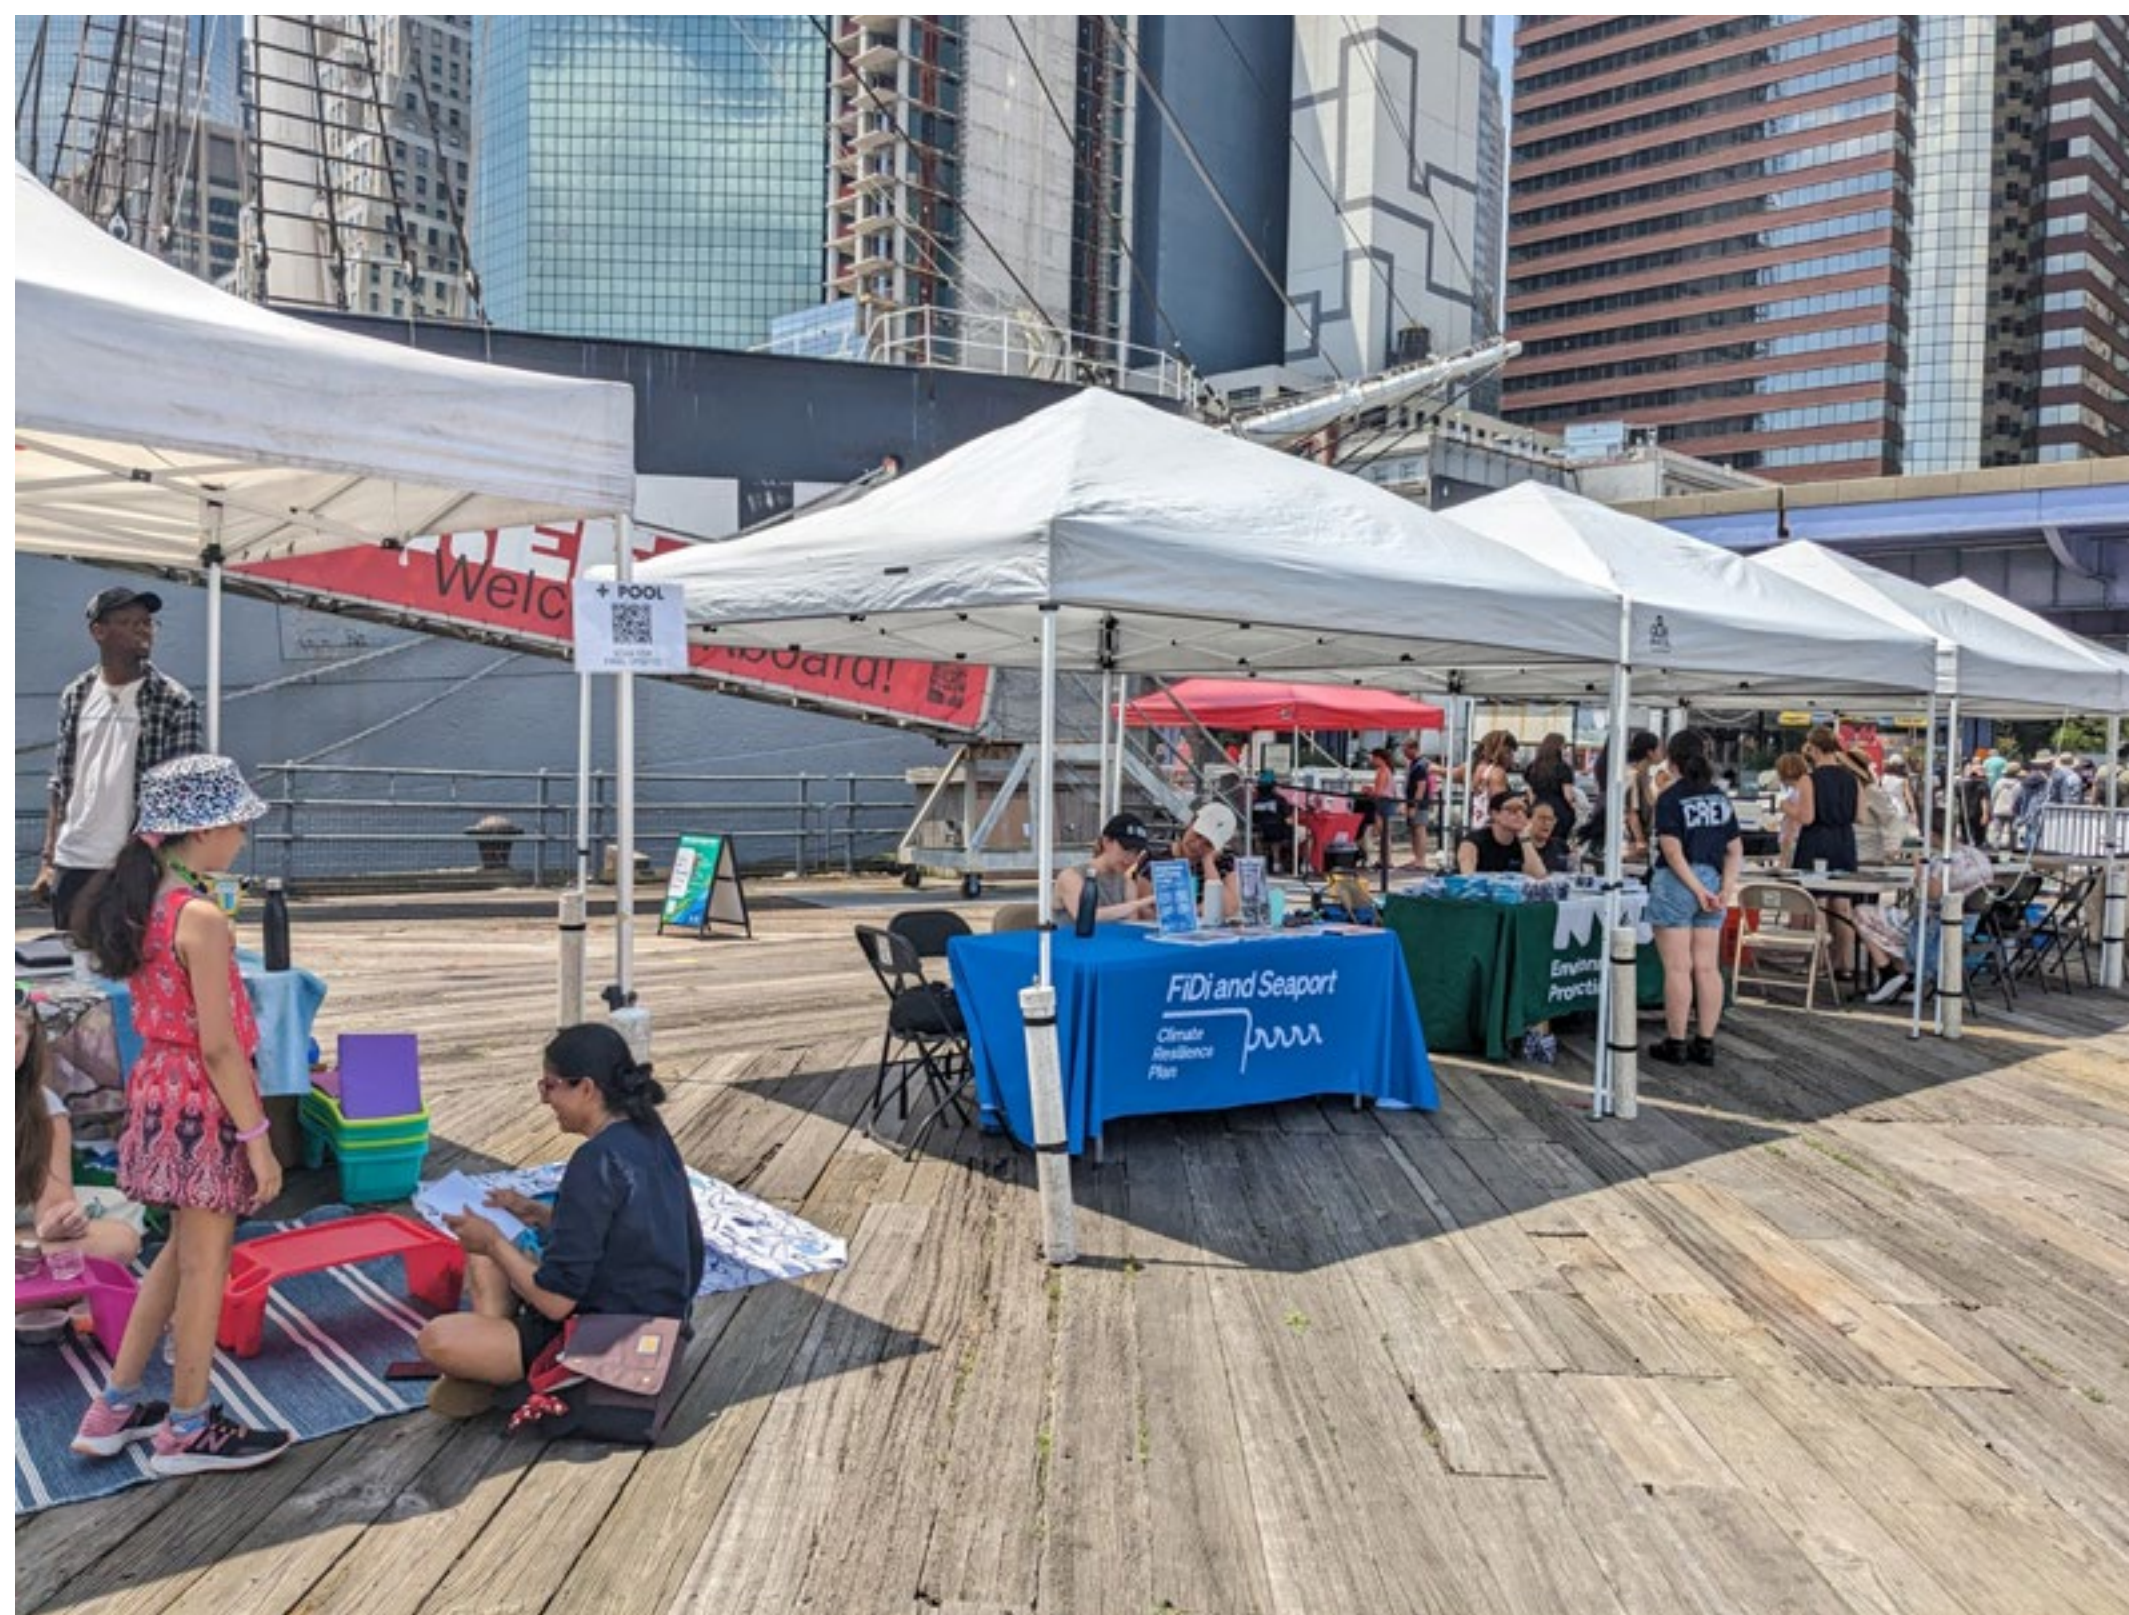

The current and upcoming phases of work are focused on advancing the engineering and design for the flood protection infrastructure.

We are continuing to engage with the community and stakeholders.

We have engaged with the community every step of the way, and your feedback has enriched every detail of the project's design.

Please share suggestions for other organizations to reach out to!

Who we spoke with during Phase 5:

Community Based Organizations:

- Billion Oyster Project
- FiDi Neighborhood Association
- Municipal Arts Society
- Seaport Coalition
- South Street Seaport Museum
- Rise to Resilience
- Park Row Alliance
- Alfred E. Smith Houses
- Gotham Park

Additional Stakeholders:

- Continued coordination with DOT, DEP, DCP, DPR, and other NYC, NYS, & Federal agencies
- Public and private ferry operators and passenger subcommittees
- Advocacy groups
- Aquatic Resources Advisory Committee
- Maritime focus groups and local mariners

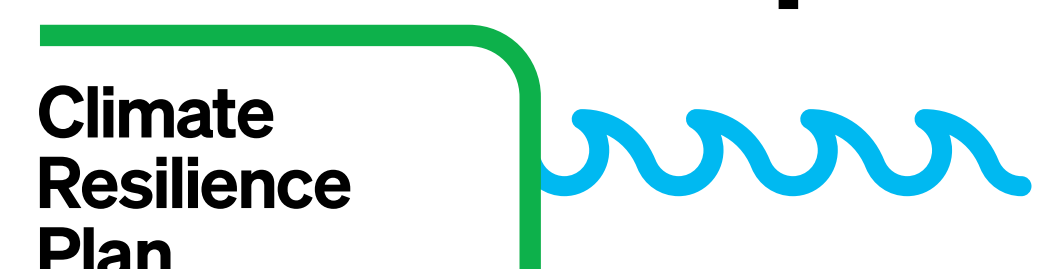

They provided input on:

- Maritime configurations
- Heliport operations
- Emergency access
- Pump station
- USCG site
- In-water footprint
- Community engagement

Participated in Events:

- Smith Houses Family Day & Flea Market
- City of Water Day
